## Air Quality

*Teacher Kate - Year 3*

As many of you know, we had an air monitor installed at Ambrosoli last school year as part of a project which Makerere University are running. They have installed monitors in other areas of Kampala and have checked their reliability against the US embassy monitors. The monitor is now giving real time readings which can be accessed using their AIRQO app. This allows us all to check the air quality at school regularly and for the

children to learn more about pollutants and environmental issues. "

## Message from the Head of School

In today's assembly I will be awarding badges to this year's House Captains and School Council members. In both cases these children are elected democratically, by their peers and play an important role in the school.

The House Captains :- Chiara, Amanda, Jara, Kaganzi, Amaani, Coco, Pragna and Jules have a responsible role to play in school mainly in terms of leading their school houses but additionally in being called on to be ambassadors for the school at a variety of events throughout the year, conducting school tours when we have visiting parents and being good role models for the younger children.

The School Council members :- Esther, Solveig, Kees, Lauren, Fride, Whitney, Malachi, Malachi, Dylan, Aaryan, Ariana and Sky represent their peers at weekly school council meetings and are, in effect, the 'pupil voice'. It is quite a commitment as these children are expected to give up their lunchtime play once a week to meet with Teacher Sarah and have time during the week to listen to and report back to their classmates about things that are going on in school. School councils in the past have been responsible for designing logos, helping us to develop the lunch menu, organising events, creating posters, meeting with accreditation visitors, choosing our annual charity to support and numerous other activities.

Thank you to all of these children for taking on these responsibilities, I look forward to working alongside you this year.
